B-BBEE

The company is a strong advocate of the Broad-Based Strategies of Black Economic Empowerment. Skills development strategies employed by the firm include both structured mentoring and continuous professional development guided by the Built Environment Councils of South Africa. A significant fraction of the company's salary bill is dedicated to the skills development of all employees with specific focus on developing the skills of previously disadvantaged employees.

CONCLUSION

Lesedi Lentle Enterprise (Pty) Ltd commits itself to:

- ZERO injuries in our work-spaces.
- Ensure and maintain a non-discriminatory working environment.
- Implement measures that improve the capabilities of any employee who may have been previously disadvantaged.
- Provide a preferential recruitment and selection procedure.
